

CAPABILITY STATEMENT & CORE COMPETENCIES

Catalyst Group comprises industry professionals with worldwide private sector and international development field-based experience.

Our strengths are the facilitation of management and technical solutions to remove barriers, add capacity and manage risk in establishing sustainable results.

We are particularly skilled in providing private sector solutions to international development challenges.

We add value to the complete project lifecycle with specific expertise in the following areas:

- New business and proposal development;
- Program design, program/project implementation and management;
- Enabling private sector development with consideration to cross-cutting social and environmental factors;
- Strong technical and financial resources and abilities; and
- Technical expertise in the following sectors: agribusiness, the food industry, Value Chain Analysis for Development (VCA4D), nutrition, local partner development, economic development, market systems, capacity building, SME development, market access, facilitation and linkages, gender inclusion, renewable energy, WASH and waste.
